

Partner Projects: What We Did Together in 2019

We were thrilled with our Year #7 and very excited for Year #8! Our store sales were strong, and your donations of quality items for sale in our shop have been fantastic. We have a strong, committed team working on your behalf to present quality items at affordable prices. We thank all of you who are keeping us strong, and we thank God for blessing our work.

We were able to share our 2019 profits with all seven of our Partners and other communities in need. Here is how they are putting this support to use right now...

- Emergency food, bedding and medical supplies for families struggling to survive in war-torn regions in Syria
- School Fees and Supplies for Children in schools in Haiti and Southern Uganda
- Income for Refugee Women in Kenya through the sale of their hand crafted aprons, bags and pot holders in our shop
- Household items for young at-risk mothers and their infants moving into their new apartments in Chicago
- Intern for Spiritual Formation Program for Chicago New Moms
- Farm equipment, seeds and other items for a new agriculture project that is feeding starving people in Northwest Kenya
- Establishment of a new sewing center for women in North India to teach them a new trade and help earn income for their families
- Outdoor kitchen structure for Women's' baking ovens in Uganda

Crops now growing in the new farm is feeding people in Turkana County in Northwest Kenya

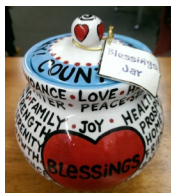

Gifts-in-Kind

Over this past year, we have been able to share some of your donated goods with

- Homeless community in Chicago & Suburbs
- Orphanage in Honduras
- Young mothers and their children in Guatemala
- Women escaping oppression and starting new cottage industries
