

What We Did Together in 2020

THANK YOU for all the ways you stood with us to serve people in deep and immediate need In 2020. We couldn't have done this without your generous financial donations, your consistent business in our shop and your donations of clothing and household items for our sales floor.

COVID RELIEF

All of our Partners spent most of their funding to provide basic necessities for the people they serve. That included the purchase and distribution of food, water, and other basic needs to help their communities during the pandemic. We also helped to fund food distribution to teachers and student families during the COVID shutdown of schools in Uganda and Kenya.

Because this was their focus, it became our focus. We sent much needed funding to Haiti, India, Kenya, Uganda, the Middle East and our Chicago Partner to help with these unexpected costs.

These photos show our India Partners hard at work to deliver food packets and masks in the North India.

You also helped to provide funeral and travel expenses for our Kenya and Haiti Partners, both of whom lost parents and siblings to COVID in 2020.
